MACKIE HOMES PRESENTS

GRENVILLE MODEL

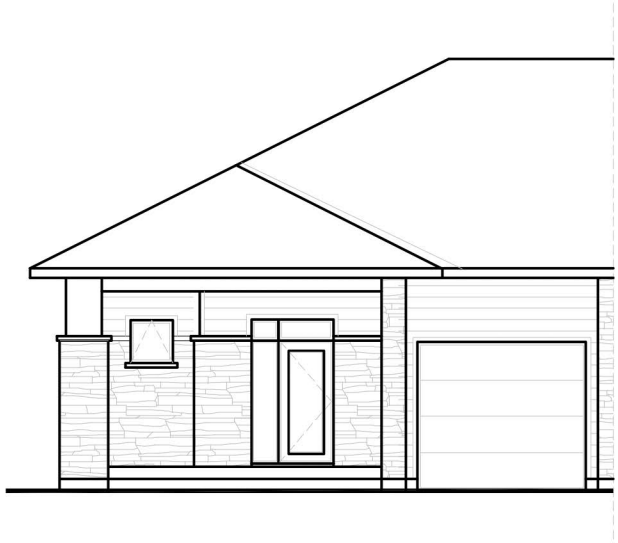

SEMI DETACHED BUNGALOW - 1580 SQ.FT.

MACKIE HOMES

GROUND FLOOR PLAN

FRONT ELEVATION

The buyer acknowledges that some features and finishes displayed on the floorplan are for artistic presentation and design purposes only and may not be relied upon as standard inclusions or finishes. It is further understood and agreed that orientation of the home to be built, or the home under construction (i.e; mirror image and location of the dwelling on the lot) is determined at the sole discretion of the builder subject to provisions by local authorities and conditions of the site. Please refer to community specs for material used for the exterior of the home – onsite revisions may require slight revisions which Mackie Homes will comply. Standard cabinetry drawings provided by the builder will determine exact placement of appliances (the above may differ from final location. Please confirm with your Mackie Homes Representative).
