

LOCAL HOMEOWNERS MADE A DIFFERENCE THIS YEAR

21

The Greg Syrota Team helps the community in more ways than just selling homes and finding your next dream property. With every sale, a portion of their commission goes to supporting our local Collingwood General and Marine Hospital, with **a new goal of \$50,000.**

90% of the hospital equipment is funded by donations like yours. Community support is the only reliable source of funding for technology, supplies and equipment, which is why The Greg Syrota Team feels passionate about giving back. It directly helps our neighbours, family and friends that rely on hospital resources.

Your donation helps update surgical equipment and technology, purchase the best tools for our Physicians and Medical staff, and provide updates to the facility. Thank you, Collingwood and surrounding area homeowners, for helping us, help each other.
